Over several years we have grown into much more than just fresh produce suppliers and this brochure lists all of the other added lines that we stock for next day delivery.

# Proudly Grown in Britain

We work directly  with 1,200 British farmers in East Anglia to grow our sugar beet.

28 MILES

The sugar beet then travels directly from farm to local factory - the most efficient journey from field to spoon.

In just a few simple steps our factory in Bury St Edmunds turns the sugar beet into our range of homegrown sugars!

 What's more we really care about sustainability; our bags are recyclable, we offset the paper we use by planting trees, we send nothing to landfill and our excess production energy powers British homes.

**MARKET REPORT**  
Jan 2023

**Rooting out the seasonal heroes**

**JANUARY UPDATE**  
As we head into the first month of 2023 may we take this opportunity to wish all our customers a prosperous and happy New Year.

**OVERVIEW**

**FRUIT**

Both are now available so make the most of this very short season to make lots of tangy goodies.

Moroccan Naderrots will arrive during January, these kings of easy peckers will replace the current Satsumas and Clementines.

There has been an issue with availability of Grapes and pricing has been high, but we should see this easing later in the month.

Next in the popularity stakes will be two giants of the citrus world that will burst onto the scene this month, Blood Oranges and Sevilles. These seasonal citrus fruits are always in high demand, pack a zesty punch into the dish, and will add a delightful freshness to a host of dishes.
